Now when you see me  
It's me that you see  
And when you see Lawnge  
(B) Yo that's who he be  
Never been one for frontin G  
How'd we get so fly? Came naturally  
Make it a point to sleep till midday  
A job, a job? A-heh, okay?  
When we do arise itis time for brunch  
Ham and eggs, two pigs feet and Cap'n Crunch  
When we get dressed  
The hand gets brushed, but whiskers they get clipped  
Over to the mirror, yeah we look okay  
Dial tone 2-1-2-A-O-J-O-J-O-J  
It's a daily thing for Black Sheep my friend  
Yo driver pull over I need my midday Heineken  
About, to put, no doubt, you wish  
Clockin from a corner whle you're eating a k'nish  
Maybe, another lifetime G  
I hope to see that you're as fly as we  
Are, not stars, but super as a  
You know you wanna, come on, gimme the finga

I know ya wanna, you know ya wannathree times  
The chorus repeats with the following changes on the  
last line  
First time Gimme the finga --- Second time Pleeease

Got an accountant named Mel, a lawyer named Jay  
My engineer Lyle who lives in studio A  
My manager Chris keeps my pockets well fed  
Got a honey for each box spring coil in my bed  
My cribs all that without  
Do I read books? (B) Naah, I read instructions too  
Didnt'cha see when you window wish  
Sippin on a soda to help wash the k'nish  
I do what I want and I answer to who  
(B) Noone, heh I thought you knew  
My favorite meal is anything with meat  
My favorite quote, 'Can I have a receipt?'  
My favorite show is 'Who's the Boss'  
And my favorite ho, is yours of course

And everyday is Saturday my friend  
Go to sleep wake up  
Yo! itt's Saturday again  
It's fly, gettin paid to do what you want  
Don't believe me, (burrp) see?

I know ya wanna, you know ya wannathree times  
The chorus repeats with the following changes on the  
last line  
First time Gimme the finga --- Second time Pleeease

Not that I like talking of the things that I possess  
I know that some have more, while others do have less  
It's just that I wanna say, I live a life in a day  
Didntt have to wait till I was lonely old and gray  
I simply put my foot forward in a direction  
That's called a step then I follow with the next one  
Kept on 3teppin, no matter what happened  
Kept my eyes open, and kept hands clappin  
Did what I had to do when I had to do it  
Didn't wanna say (B) ho when I surely knew it  
So, I persevered from the beginning  
Now that I'm in Black Sheep out to win  
So when you see me, stick it up G  
No it's not a diss, it's makin me happy  
Lettin me know that you did what you heard  
Daring to say that societyts absurd  
Let it be known that you gotta go for the  
Gusto be ahead of hoes to the head ho  
Don't let nobody tell you what you cannot be  
Don't let nobody tell you what you cannot do  
Enough of the tours, itis time to get yours  
Otherwise I guess I have to give the finga, to you

I know ya wanna, you know ya wannathree times  
The chorus repeats with the following changes on the  
last line  
First time Gimme the finga --- Second time Pleeease
