Verse One:

Now when I first saw ya,  
I really thought I knew ya  
But now I see I don't  
And I wish that I did.  
Honey made a right  
Stepped off took flight  
Upstairs, up some more  
She made a left and head.  
Looked down at my shoes  
And the cuff in my slacks.  
I know I got styles  
And that the Sheep can attract  
Came out with something sticking,  
Double mint, ya know it  
Yo, you think my breath was kicking  
Now in the bathroom I go  
And fixing his fro.  
"The Sugar Dic Daddy Mista Lawnge"  
What's up Mista?  
Smackin' his fist-a  
Say keep punchin'  
In spite the legal come  
Cause we're on the one  
Gotta get the job done  
Now come on cousin let's go have some fun  
This party wasn't wack yo  
The toilet holds tobacco  
That's all I need to see  
Oh, I'm reachin for a Philly  
To arrange, I look at Lawnge he looks at me  
He doesn't say a word  
And damn it feels strange  
Walking through the crowd,  
Pollution's got me choking.  
Funny that I'm choking,  
Yo could it be that I'm smoking.  
Pounds are going round,  
And though I love my crew  
I'm hoping, I'm hoping, I'm hoping, Oh.  
Chorus:

Similak child, driving me wild repeats  
Simi-similak chillllld / twice

Verse Two:

I love it when a system's  
kinda booming courting sonic.  
But now it's honey suckle  
For a chuckle and some tonic.  
Over there  
Don't tell me you don't see that cutie  
Lawnge, look at double bubble  
With the pirate's booty  
From birth, I say  
she was raised to be all that  
Gave her no food and fat  
Strictly Similak.  
Felt like a Senator's son  
The ties that be on Flo-Jo  
Hon, whatcha drinkin'  
Milk and armaret-Oh.  
Pulled up beside her.  
Couldn't be denied her.

Ordered L I I T

Fill 'er up, she:s got a rider.  
She showed her dental work,  
And said I looked familiar.  
I touched her on the hand,  
I had to feel her.

Verse Three:

I said, 'Hey'  
She said, 'What's up'  
'Do you mind?' 'Not much'  
You look good and all of that  
But you don't know me to touch  
I know you got a dozen  
to the tenth you rotate to see  
Run around the city  
bein all carefree'n  
How, now, see your brown cap  
Wanna be my lover,  
So you can do my girlfriends,  
my sister, my mother.'  
Y0 I can't front  
Honey's so blunt  
So what's up with your mother,  
Will she give me what I want?  
I'm playin'  
But let me not delay in what I'm sdyin  
initially attraction found your way  
before the way in.  
I'm single so there's slimmies on my step  
Doesn't mean we jingle

Doesn't mean we've slept.  
I'm in the public eye,  
Better believe that I'm an eye full.  
But I'll put it down  
and go to Spain and dip the bull  
We kicked it for a while  
Vows was aroused  
So Sheep, can see  
How some thing's tempt me  
Her glass is empty  
Give me more ice tea,  
And her vitamin D.  
She said, 'Me?'  
I said, 'yes.'  
She said, 'Why?'  
I said, 'Guess.'  
The horses, the hay  
The milk, your breasts  
I'm playin'  
But let me not be weak  
And let me speak,  
Your mind is brighter  
Than your bootie.  
It's the courtin' that I seek.  
Chorus > four times
