Oh, you and me, we free  
Dream, careen, repeat  
?Some say seven or rock no Legend on sight?  
Yeah, that's what we mean

Yeah, you and me, were cool  
High like no high school  
Dream original two dimensional team  
Make them scream

It's nothing but a bang up  
Yeah, It's really just a bang up  
And we never wanna stop  
Banging them back  
Slanging the rock

Oh, you and me, we wild  
Styles for miles and miles  
Imitating a half-ass faker MC  
Bitch, please now

It's nothing but a bang up  
Yeah, it's really just a bang up  
And I never wanna stop  
Banging them back

(What's the bang up, baby?  
Feel the bang up now  
What's the bang up, baby?)

It's nothing but a bang up  
Yeah, It's really just a bang up  
It's a bang up  
Yeah, yeah
