Deadly eye, in a world that hate created  
Deadly eye, with a lust that can't be sated deadly  
I wonder why all the women drop and die when he  
walks by  
Deadly eye, you won't never see him cry  
The deadly eye, 'cause he's so glad to be alive and  
deadly  
I wonder why they will testify against him at the trial

Recognize the Dwarves slay  
Because you can't hide from the deadly eye  
He Who Cannot Be Named  
Bring on all the young girls and the free cocaine  
Fuck you up and get high [x2]

And you still wonder why

WHY! WHY! WHY!  
DEADLY EYE!

[Answering Machine]  
"Blag Dahlia, today's my birthday, and I just wanted to  
let you know  
A) you did not fuck me properly or enough when you  
were in L.A. and  
B) you never gave me one of your skanky little CD's.  
Today is my  
Birthday and I've been getting so many really cool  
presents from all  
These cute boys and you haven't even called me.  
You're just so Blag."
