"Everybody's Girl"

Kitty calls me on the phone,
To say she's all alone
And needs somebody's there.
Crystal sees into the future,
Tells me that she's an asshole;
Should have, but who really cares.

I sit here and wonder if we are sharing a different
world,
And all these making emotions whirling around me
swirl;
I'm in love with everybody's girl.

Look at Brenda there with Luke,
She's giving him the boot,
Ah, but Kelly's standing by.
Aw, and here comes my man Tom,
Ask her "Do you wanna"
But I never even try.

I sit here and wonder if we are sharing a different
world,
And all these deviant motions making the channels
twirl;
And I'm in love with everybody's girl.

I'm spending Cinco de Mayo with my Maria;
Celebrating her independence with little Emily.
And should the new year should find you without Jenny,
There she'll be...
You'll find her under my tree,
Wrapped up and waiting for me.

If you call me on the phone,
Don't ever weep and moan;
You always find me there.
And if you see into the future,
Be so kind as
Not to tell me what you find out there.

We'll lie in bed watching re-runs of another world,

Just like a drunk, better be no stuck on a tilt-a-whirl;
And I'm in love with everybody's
I'm in love with everybody's
I'm in love...
(Ew, you're creepy)
With everybody's girl.
