We ride my gash wagon
I said everybody can't like it(?)
I'm comin' to be fucked
You bet they hate my guts
Yeah but what the fuck
Care to ride my gash wagon
Well my passengers think I'm really neat
When they're suckin' on my seat
Hey you by the telephone
Hey out there all alone
Get down and suck my bone
Get down in my gash wagon
Some city- somewhere
?- who cares
Exists- on air
Man I ain't no fuckin square
I ain't no fuckin square
Sex drugs rock'n'roll
Suck my dick
Get down in my gash wagon
