"Go!"

I know a place we go where no one knows and don't
suppose so
It makes me feel alright and try to dyke, like every
night, though
I've been in love affairs where no one cares and
running scared now
Why must I satisfy?
Oh why oh why can't I...
Fuck that bitch and go [3x]

Don't get your feelings hurt, now little squirt, you had
to flirt, now
Why don't you let me do my thing for you, I'm coming
to...
Fuck that bitch and go [3x]
Fuck that bitch, fuck that bitch and go!
Go!

You know that life's unfair
And I don't care
You must beware now
I know you're meaning to
But I'm all through
So why don't you just...
Fuck that bitch and go [3x]
Fuck that bitch, fuck that bitch and go!
Go!
