YEAH! I'm coming hard, so hard
Like a demon, burning like a demon
Don't ask me why
The world's on fire
I'm rolling hard, so hard
Like the ocean, rolling like the ocean
Don't send a Handy Maid to stop a tidal wave, oh yeah!
We're rolling on, so hard,
Across the nation, rolling 'cross the nation
We're tapping into that USA Love/Hate Trip
We're rolling on, so hard Across the nation, rolling
'cross the nation
We're selling soul and California Bad Vibrations With a
bad reputation
I've got a bad reputation
And you don't even know me!
Don't ask me why, those rumors fly by me
I've got a bad reputation, and you don't even know me!
I'm just a teenage dream
Just a picture in a magazine for you
You know that I've got a bad reputation in the city of
Richmond
Don't ask me why your friends had to die that night.
