Suzie slices her wrist, she was a beauty queen
Johnny's huffing glue 'cause there's nothing else to do
Suzie smeared her lipstick, it tastes like daddy's cum
Johnny's in the back room getting sucked off by his
mom.

They fell in love on a hospital ward
Making out on the toilet and fucking on the floor
Sneak out the door, gotta get away
Out on the highway running out of day.
Oh yeah, Runaway, keep on following the sun
Oh yeah, Runaway now, we just wanna have some
fun.

All alone in a cold dark night
Looking for a way out, looking for a line
Rob the store, Suzie screams in fright
Johnny's on the floor, what a bloody sight.
Oh yeah, Runaway, keep on following the sun
Oh yeah, Runaway now, we just wanna have some
fun.

Lying naked in a pool of his own blood
Johnny wants some ass, Suzie sucks her thumb
Suzie wants to go, but got no place to run
Johnny knows he's dying, but first he wants to cum.
Oh yeah, Runaway, keep on following the sun
Oh yeah, Runaway now, we just wanna have some
fun.

We just wanna have some fun, wanna have fun
We only wanna have some fun, wanna have some fun
We just wanna have some fun, wanna have fun.
