"Stop Me"

Stop my cock from running wild in the street
Stop me now or else just turn the other cheek
I can't be tamed, I will remain
Unrepentant and I'll never feel ashamed, so

Stop me - before I fuck again [x3]
Stop me

Stop the pain and all the madness and the hate
Stop the Earth from fucking, mutilate and rape
I can't control, must have hole
Cos that's the one elixir of the soul, so

Stop me - before I fuck again [x2]
Stop me - I'm gonna fuck again

I am the Jesus Christ of sin and vice [x3]
The Jesus Christ of sin and vice
I am the Jesus Christ of sin and vice

So stop me!
