"Way Deep Inside"

Way deep inside I am shooting like star and my
Heart is racing like a race car.
Way deep inside I am jumping like a fire and I'm
Tired of keeping it inside.

Way deep inside.

Way deep inside I am burning like a thousand suns,
One eternal day.
Way deep inside I'm alive because of what you've
done,
Feeling A-OK.

Way deep inside.

Way deep inside I am shooting like star and my
Heart is racing like a race car.
Way deep inside I'm jumping like a fire and I'm
Tired of keeping it inside.

Way deep inside.
