Yoor life is spinnin outta control,
Seems the whole world is out to get you
Everything is wrong
Nothin seems right
There's a sinking feeling inside
And your best friend has turned his back
But ya can't let it bring ya down
No youve got to fight!
Cause ya try but ya can't let go
It's when ya down that ya gotta get up
Don't let em walk all over your face
Stand up for yourself and make everything right again

Even if some guys trying to blackmail you and your
girlfriend thinks you
Suck
It's up to you to let em know that it was just all part of
some rich guys
Evil plan

Look out ahead there's a truck changing lanes
You got yellow crumbs on your upper lip
And those warts on your dick aren't gunna go away
Unless you start using topical cream every day
