They say one day, we'll all be far away
But we'll never know the answer to this way to lay
Hey hey, some day, these pictures fade away
Still we'll always be remembered for the sounds we
make

Look at me on a mic!

Like Christ on a mic
Broadcasting at you live and via satellite
Like Christ on a mic
Messiah of the fire, savior of the night

They say, one day, it all comes out ok
But there's no one keeping score of all these games we
play
Hey hey, some day, we all may go astray
Still we've got to keep rejoicing for this milky way

Look at me on a mic!

Like Christ on a mic
Broadcasting at you live and via satellite
Like Christ on a mic
Messiah of the fire, savior of the night
