Maybe another time, somewhere sublime, another
place
Did you leave the pack, yeah to attack: your first
mistake
Should you strike the head, another grows back in it's
place
Yeah, we never die, we multiply
I state my case

Like killer bees to the hive
Bloody but unbeaten we arrive

We're alive
You'll never take us alive
Yeah, you know we'll never die
We only multiply
You'll never take us alive

Yea, don't be a fool, you know we rule the master race
Fuck live and death, we transcend time and space
Yea, you know we're dope, the shining hope to your
disgrace
We never die, we multiply
I state my case

Like killer bees to the hive
Get down on your knees when we arrive

We're alive
You'll never take us alive
Yeah, you know we'll never die
We only multiply
You'll never take us alive [x2]

Forever high and outside
Spend a lifetime making the obscene sublime
? money, whores and wine

We're alive
You'll never take us alive
Yeah, you know we'll never die

We only multiply
You'll never take us alive [x5]
