I can't focus with clarity
Forbidden sites blindfolding me
I need to see
Show me your ways

I can't access your frequency
So much white noise surrounding me
I need to hear
Show me your ways

Create in me a pure heart
I want to be set apart [x2]

I can't speak with authority
Perverted words are choking me
I need to speak
Show me your ways

I can't exist powerfully
Impious thoughts are ruling me
I need to think
Show me your ways

Create in me a pure heart
I want to be set apart [x2]

Create in me a pure heart
I want to be set apart [x3]
