[Intro:]

Won't you, come ride with me, my lady  
Maybe you can be my lova - say baby be my lova  
Yeah yeah

[Verse 1:]

Say baby are you called my lady  
It's about 80 degrees and my AC is acting shady  
Why you got on them clothes covering up your body  
U can lose them trust me you'll still be a super hottie  
Say ma, I know you're a superstar  
But there's someone down here who swears he don't  
know who you are  
I'm gon introduce you, girl don't act like that  
I'm just playing u know I'm just saying that to make u  
mad

[Hook:]

Won't you be my lova - my lova [x2]

[Verse 2:]

Say baby, if I pinch you here  
Will the other respond like a twin would  
And on a scale from 1 to 10 I give both ya babies 12  
Like my Kenwoods'  
Hey lova, do you see another  
It's just me so why you hiding under all them covers  
Bring them 12s on over  
I'll touch till chill bumps gather around just to see  
what's popping  
Then there will be no stopping -- ah nah babe  
U on fire ma and that's all I want  
Touch the CD player and let's see what's on  
Lets dance while we sip come on you and me  
All I'm saying is can we get closer baby

[Hook:]

Won't you be my lova, won't you be my lova baby [x2]

[Verse 3:]

Say lova,  
If I find another, spot on your body I can connect the

dots and draw the covers  
U know that ya candy candy eye don't mind getting my  
covers sticky  
If I happen to watch your frame don't be ashamed to  
get loud and kickin  
If you need to call my name, do ya thang, truth be told  
If I have to call ya name, that means that one night of  
united souls

[Hook:]

Baby won't u please be my, if you really don't mine  
won't u be my lova
