I see you in a lonely place
How can you be so blind?
You're still regretting the love you left
Left behind

Oh darling, I see you go through your changes
Sitting alone each night
Are you expecting to find the love?
Love that's right

Well darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's right
Well darling, open your eyes
And let me show you the light
Girl, you think you're so wise, you're so wise

There are times when you need someone
I will be by your side
I'll take my chances before they pass
Pass me by

Oh, there is a light that shines
Special for you and me
You need to look at the other side
You'll agree

But darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's right
Darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's right

Darling, open your eyes
And let me show you
You will never find the love that's

Darling, open your eyes
And let me show you the light
Girl, you think you're so wise
You may never find the love that's right

Open your eyes
Baby, baby
Mothers and sisters and lovers
Keep your eyes up to the skies
Higher, higher, higher
