Nytime (anytime) anyplace go down
O she a star (8x)

Verse 2

Over the time, we made one flick together but tonite
We gonna make a second, kill the lights
She doin it rough for action but its hard to hold the
camera still
Now im the star
She holds the camera, tilt as I perform
She focused on my lips as she gets warm
???????

Now we got two flicks but it aint enough for me no

Chorus (2x)

Bridge

I got her in the crib, got her in my bed
Served her tipsy, got up in her head
Pervert gypsy, jokingly I called her
Stirred up laughter, talked up on some ???
I said yea, she said yes
She looked at my phone, I said 3GS
She said with the camera, girl you a mess
But we can have fun, who am I to contest

Verse 3

Here comes the summer, she wake up like last night
and leave a copy
We go for breakfast there's no paparazzi
Nobody knows her fame except for me
And she keep me effin happy
But im tired (yea)
She wore me out and wants to go again
Tonite she wants to bring her girlfriend
But my battery's low
She's enough, two might be too much for the bro
