I hope that you'll agree  
And find our love to be  
One of the most radiant affinities  
Always in love is true  
You'll do for me as well I will do for you  
And will watch this love build  
I love you more than I can so you in a rhyme  
I was hoping we can spend some time  
My goal in life fully consist of you and me  
That we will live our live in affinity

I love you more than words can show you  
Affinity (affinity....)

Speaking of you and I  
Our love must hold no lies  
And brings no alibi no jive  
With us hopefully our love will always be  
The envy of the young an old  
I love the fact that you feel exactly like I do  
And helps our affinity to prosper

Infinite affinity [echo:] (affinity)

Our affinity should last forever  
you'll make it happen,I'll make it happen, will make it  
happen  
Together  
Affinity [repeat until end]
