(dwight yoakam)

Everywhere you go each day
I will be near you
Oh and dear you
Don't even have to say much
For me to hear you
Because it's clear you
Have a very simple way
To keep me near you

Oh yeah dear
Through the power of love
Through the power of love

Every morning, night and noon
I will be near you
Oh and dear you
Won't even have to do much
For me to feel you
Are sincere you
Like a magnet pull so strong
It keeps me near you

Oh yeah dear
Through the power of love
Through the power of love

I could try to just lie
And tell people I'm free
Like a wave tellin' sand
It won't go back to the sea
But what I say doesn't do no good
Like I ever thought it would

Everywhere you go each day
I will be near you
Oh and dear you
Don't even have to say much
For me to hear you
Because it's clear you
Have a very simple way

To keep me near you

Oh yeah dear
Through the power of love
Through the power of love

The power of love
The power of love
