Si tu supieras lo que siento. cada vez que me pongo a pensar en todos los momentos, all the good times we had me and you, you and I. Hot summer nights making love in July. The only girl that didn't give it on the first night, una mujer incomparable, am in love for life. Me captivastes with your ways and all the things you do. My pretty girl I gotta make it work with you. Tell the world; tell your girls, and your family. Con este anillo te prometo you're my everything, 'cause nobody's ever made me feel the way you do. I just dropped you of, already miss you. Chica bonita sonrisa sincera, I want to be with you asta que me muera(that's right)let's make a pact and always be together. With you by my side, girl am down for whatever.

You stood out from your group from across the room. I
had to keep my attention on you(hello)something about
that pretty face that pretty smile. You couldn't help it to
get lost in those pretty eyes. YEAh! this girl she had it
all the type of woman that you take to mama and say
look what I've found. Love and companionship
someone to talk through these rough times who ain't
afraid to handle it and understands that my life is
different and accepts it. This isn't even what I expect it.
Yeah she's beautiful inside and out something hard to
find in the world these days. Even on my worst days she
got me happy like a kid waking up on his
birthday(yeah!)this love was different it was based on
friendship am letting you know am ready to ride out
with you.
