A blank stare with a smile on display
Headed home when it's empty it's safe
Anger overtaken by faith
I don't think it should be this way

Some people say I need to pray
Seems like it's me against the world
I've been turned out been thrown down to the killing
floor

A thousand words on an empty page
A picture hangs without a frame
Shallow souls with time to kill
I took the water but not the pill

Some people say I need to pray
Feels like it's me against the world
I've been turned out been thrown down to the killing
floor

I'm tired of you saying I should be prayin'
I know it's me against the world
I've been turned out been thrown down to the killing
floor

Some people say I need to pray
I know it's me against the world
I've been turned out been thrown down to the killing
floor
