I have looked out my window
And you know she's no longer there
There's an angel standing in her place, well she won't
care
Couldn't be that easy for her to say goodbye

Please come in, don't pretend
Like the girl I had before
Please come in, don't pretend
I don't wanna hurt anymore

It must be the time for me to leave it behind
'Cause there's a new day out there
Where the sun will always shine

Please come in, don't pretend
Like the girl I had before
Please come in, don't pretend
I don't wanna hurt anymore

If you look out your window
And there's an angel there
I hope she plays a guitar
With flowers, flowers in her hair

Please come in but don't pretend
Won't you please come in?
Listen baby

Please come in, don't pretend
Like the girl I had before
Please come in, don't pretend
I don't wanna hurt anymore

Please come in, don't you pretend
