Down by the river  
Where the lights hang from trees  
Midnight swallows sunlight  
Muddy water runs between your knees

Everybody wants to be down at Soul Creek  
Yeah, yeah, baby won't you come with me?  
Yeah, yeah, babe I wanna come with you

Such a sweaty situation  
Why don't you take a walk with me?  
Too hot, need some cooling  
You know still water sure runs deep

Everybody wants to be down at Soul Creek  
Yeah, yeah, baby won't you come with me?  
Yeah, yeah, babe I wanna come with you

Everybody wants to be at Soul Creek  
Yeah, yeah, baby won't you come with me?  
Yeah, yeah, baby won't you come with me?  
Yeah, yeah, babe I wanna come with you

We're down at the Soul Creek, yeah  
Down at Soul Creek, yeah
