Running through the darkened streets
Stumbling over her own feet
She knows the end is near.
The police are behind her, closing in
The chase is on, who will win tonight?

And she cries out for His holy will,
For continued strength untill She is finally home with
Him
And she cries out for His holy will
For continued strength untill, He can embrace her in
His arms

Someone awakens in the night
Envisioning a spiritual fight
Down on their knees "God save her please...
But let Your will be done."

And they cry out for His holy will
For continued strength untill she is finally home with
Him
And they cry out for His holy will
For continued strength untill He can embrace her in His
arms

The police find Tanya, "Do you want to live?
Deny God and be set free".
But Tanya looks into their eyes and says quietly
"Life without Him means nothing to me, can't you see?"

And the stars witness the beatings and the blood,
mixed with the mud
Tanya is smiling, she'll be home tonight.
And her pain and sorrow is fading away
Her hands are raised to the sky
This was Tanya's last day

And we know Tanya's with Him, more alive than she's
ever been
Tanya chose the road to God
And we know she'll never be ashamed of the stand she
made that day

He's embracing her in His arms

Embrace her, love her, cherish her, she's beautiful

Embrace her, love her, cherish her, she's beautiful
