Forgetting promise made in the campaigns  
Voting down the line repeating all the talking points  
No desire to advance anything but stature  
Keeping up the facade reaping all the benefits

Decadence, accepting bribes, to east to bank on the  
fraudulent  
Painless inequity, swapping favors to increase your  
posture  
Forgetting constitutes, only polls will make you pause  
stockpiling  
Latch on, faceless cause, partisan progress lets you  
proceed

It's not the what it started, but the reward came  
effortless  
Not considered corrupt, just shadily comfortable  
Inflating your relevance, citing others deeds as your  
own  
In the pursuit of acclaim, swaying your disciples to give

In the wake of allegations, stay behind the party line  
Take admissions to the grave, distract with current  
debates  
Shape and distort the gaze of the public eye, implicate  
a counterpart  
Degenerative efforts from confusion, a simple game  
innate to DNA

The celestial altar of fortune,  
persuading men to maliciously guard  
Exchanging ideas, assets, or support,  
protecting the culture of greed  
Solidifying your place in the institute,  
circling weapons always on call  
Rubbing resentments, fanning hostilities,  
making sure that you are required

Relaxed immorality takes getting used to  
Transformation easy tasting the prize  
Merit of compensation roughly void  
Perverse means to warrant return

Crooked malevolence can inspire some to rise  
Above the law, untouchable prominence  
Portraying the figure the followers adore

Preying on the people you preach to help  
Lobbying for earmarks sanctioned for them  
Starling revelation, entitlement is yours

Dishonesty the tool to keep your pockets full  
Affecting everyone whether or not they backed you  
Fuck them anyway because they'll contribute too
