

## **Dying Fetus "Ethos Of Coercion"**

Visit "[Ethos Of Coercion](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Castigation of the offenders, no punishment out of bounds

Requirement of elucidation, no options to evade

Modify, adapt, and change the rules as you please

Justify to no one, all the reasons for your actions

Dismantle from the pulpit, anyone blocking your path

Appalled in disbelief, the witness of the audacity

Treaties of the past, can't be found

By constraints

None shall dictate, the privilege

Others are devoid of

Ethos of coercion

Subordinates implement, all warranted bidding

Requisitions honored, securing selfish esteem

Skepticism marred, fear of condemnation

Persecuting the chosen, for the lack of adherence

Seize, consign, demand, all detail

Lie, dispatch, diffuse, will convey

Acquiring comrades for the endeavor

Diminish culpability

Gloat, success, above, absolute
