Propaganda, malicious lies  
Escaping from ignorant minds  
Jealousy overpowers  
As you lose control of yours  
Anger and rage boils inside  
No control, madness expelled  
False expressions taking forth  
Infect the world with lies

Living in a world full of chaos  
Afraid to face humanity  
Try to keep the truth suppressed  
Drifting towards extinction

Strip you of your soul and your mind  
You have no more control  
Now the truth has been exposed to  
All who believed your false words  
Nobody is left to listen  
Your words fall on deaf ears  
All of your blind followers  
Now have opened their eyes!

Jealousy, within your mind  
Contradicting, reality  
Demented, way to live  
Failure, waste of life

Damage has been done, revenge shall be mine  
Silenced for eternity, the end is now beginning

Propaganda, malicious lies  
Escaping from ignorant minds  
Jealousy overpowers  
As you lose control of yours

Your words have stricken me  
I am forced to act out my hate  
Reached the point of insanity  
Revenge has taken it's toll
