Societal advancement, an agenda of control  
Forcing the elimination of hereditary flaws  
Licensed breeding protocol, man's course decided  
Incarcerating violaters, their spawn aborted, state  
required forfeit

Human perfection far beyond our grasp  
Cut out random flaws, leaving glitches behind them  
Talents that lay dormant, left withered in the womb  
Pre-determined course, they take no chances

Sleep, submit, obey, accept it  
Nature rejected, culture forgotten  
Dwell in their complacency  
Drop your defenses, swallow your bullshit

Close down all your doubtful dreams  
They will not happen, you don't have it in you  
Their emotions stripped away  
The depth of man measured, proudly dismissed

Traits that bear malignant traces, recognized without a  
cure  
Magnify the scorn upon the disadvantaged  
Live off the toil of others, the rich inflate themselves  
Treading on their laborers, burdened by destitution

Sleep, submit, obey, accept it  
Nature rejected, culture forgotten  
Dwell in their complacency  
Drop your defenses, swallow your bullshit

Close down all your doubtful dreams  
They will not happen, you don't have it in you  
Their emotions stripped away  
The depth of man measured, proudly dismissed

Born to be slaves, from birth the rich own them  
Rigid system, caste of reproduction  
Sequence profile, science of misplaced trust  
Tyrants protect their own

Propagate subordination  
Despondence, contrived alignment  
Oppression, induce class hatred  
Insurgents revolt against them

Disregard their vacant morals  
Interrupt their hoarded power  
They will fall, the balance will shift  
Overturn their world of shit
