Criminal justice system of flaws  
Blatant corruption  
Repercussions, higher profit  
An addiction  
The obvious signs of guilt  
Sloppy investigation  
A bullshit fucking plea  
Engineered process  
Mishandled evidence unpreserved  
Fabricated vindication  
Diligence only an illusion  
Mitigated, facade of lies  
Inundated and ingrained, relentless conditioning  
Media, legislation, selling a bent truth sensation  
Gorging on the spectacle, "reality" TV  
Victims of exploitation, selling out the children  
Celebrity and power, attract public bias  
Fortitude in decay, swollen avarice  
Pedophiles, molesters, murderers set free  
When they fail to win, the case falls to settlement  
Exposing private perversions, humiliation and disgrace  
Destroyed credibility, scamming on both sides  
Spending millions to save face, and escape  
consequence  
Attempt to evoke sympathy, inflating reasonable doubt  
Lobbyist entitlement, litigation bondage  
Egocentric apathy, fraudulent at heart  
Judicial prejudice, preferential treatment  
Witnesses of falsehood, conviction overturned  
Humiliation, concealment and deception  
Overexposure of the feeding frenzy  
The inspiration to rape the system  
Fallen morals, unanswered capital crimes  
Circus of reporting, playing up the tragedy  
Tainted media opinion, too blind to know the truth  
Singular pursuit of profit, seeing what they want to see  
Public speculation, slanted sympathies  
Tied up in the costly litigation  
Overwhelm the prosecution  
Truth obscured with stall tactic motions  
Trite protection of the guilty  
Rats on the grift, indecent intention

Fighting for acquittal and vulgar fame  
Quota of scapegoats and distractions  
Nonexistent fear of authority  
Suffering... Unending... Travesty...  
Prejudice... Ignorance... Vanity...  
Gold-digging legal battles  
Symptom of a lawsuit-crazy nation  
Semblance of due diligence  
Devious manipulation and omissions  
Law enforcement countermanded, weakness of the  
state  
Fucking sheep with bleeding hearts, for no noble cause  
No remorse for the victims, preying on the uninformed  
Who is held accountable, spectacle of greed  
Idiots bringing suit, no matter how absurd  
Fabricated testimony, power twisted justice  
Public interest in the freak show illustrates the sickness  
Privileges of exception, turns to bought freedom  
Inundated and ingrained, motions of brute force  
Legal rights disintegration, disappearing privacy  
Gorging on the spectacle, "reality" TV  
Failure of the system, no guilty, but no innocent  
Celebrity and power, attract public bias  
Setting a precedent, tainting the future  
Pedophiles, molesters, freed upon society  
Murderers let loose to find their next victim.
