Cold rage festers in my black earth, blind provoked by  
your hypocrisy  
Boastful menace vain disrespect, violent conflict is  
unavoidable  
Veins on fire with lust to kill, locked intention, mind of  
obliteration I I  
Can't wait to bathe in your blood, to destroy your  
ignorance

Someone goes down, too long endured, mindless  
tension it, must end now

FRUSTRATION EXHAUSTED PATIENCE, NO CHANCE  
CAN'T DEFEAT ME  
ARROGANCE HAS BLINDED YOU, WROUGHT WITH  
UNMASKED DISDAIN  
VAIN THREATS, TOLERATED TOO LONG, NOW YOU  
DON'T DESERVE TO LIVE  
LOST MY, FEAR ATTACK IN ANGER, ONCE MY, FRIEND  
YOU ARE MY ENEMY  
NO WAY TO RETRACT YOUR FAITH

When I finally snap it's over, stomping out your fucking  
Nothing but a vile infection, misery released  
My bare hands become my weapons, killing with  
demonic wrath  
You amount to less than nothing, why should you go  
on?

Morbid, hate transcends, murderous rage takes me  
Violent obsession, cruelty, unrelenting, damage,  
aggression  
Bludgeoning, overcome, worthless, piece of shit,  
execute, no remorse

SPEND YOUR LIFE A LOWLY THUG, GETTING OFF ON  
OTHERS PAIN  
SCUMBAG DIE, INCUR STREET JUSTICE, FAVOR TO  
SOCIETY  
YOU'VE GIVEN ME SO MANY REASONS TO EXPLODE  
TEAR YOU TO PIECES

INCLINED TO WAR, BECOME YOUR PAIN, THIS IS WHAT  
YOU GET

I will be there as you die, you brought forth my worst  
abomination  
Don't hear you, talking shit now, victim of your own  
ignorance  
Your suicidal conflict, you pick the wrong motherfucker  
to fuck with  
Better off dead, you'll be forgotten, annihilate your  
pathetic existence

Unadulterated hatred, as I rip your fucking face off  
Unadulterated hatred, no regret can't change what I've  
done  
Ultimate end obliteration

Uncontrolled hostile blood lust, grim instincts of  
destruction  
Cold adrenaline, violent aftermath, hate filled soul  
Dark intentions, sickening satisfaction
