Clean up your eyes and I'll
Dance alone with you in daylight.
Your skin reminds me of
Sleeping on the clouds in my mind.

Clean up your eyes this time.
Clean up your eyes this time.

Your breathing in when I breath out
It's not like me
I never feel this far from someone
From anyone at all.
If you leave now you leave with a piece of me
And a piece of us
It's not like me I never feel at all.

All things aside I'm not sure if I
Can help you this time
You smile your eyes and I
See your face for the first time.

Lets not hide this time.
Lets not hide this time.

Your breathing in when I breath out
It's not like me
I never feel this far from someone
From anyone at all.
If you leave now you leave with a piece of me
And a piece of us
It's not like me I never feel at all.

What you don't have
What you don't need
What you can't reach
What you can't see

Your breathing in when I breath out
It's not like me
I never feel this far from someone
From anyone at all.

If you leave now you leave with a piece of me
And a piece of us
It's not like me I never feel anymore.

Clean up your eyes this time
