When you take into your head
Change your way of u n d e r s t a n d I n g.
Same things in different view
You're not able to recognise.

Attention to your feelings
Feelings and words.
Your mind must be cleared of
Smoke And Dust.

Don't be afraid of take first step into the unknown.
It makes you feel like the best thing you can do is l a u
g h.

Attention to your feelings
Feelings and words.
Your mind must be cleared of
Smoke And Dust.

Emotions are boiling inside of you,
If you're able to love, start with yourself.
