Dawn found me lying on the ground  
As soon as the night passed away  
And the wind among the trees  
Is watching me as a hunted game

I feel cold on the dewy field  
Where my mind found me  
I fear in the early morning light  
That death was banished by

My reflection struggle  
Like frightened birds in the silence  
While i'm scared looking for  
My lost memories

Black veil of the night  
Still keeps me confined  
When i scream and lift up  
My bloody hands to the sky

To redeem has gone the dawn  
But inside myself is still raging the night

[Chorus:]  
I'm dancing with the devil  
By moonlight  
In the mask of madness  
Two minutes before midnight  
In the world of shades

"my soul's body  
Is wandering through the night  
And as a humanfaced monster  
Is looking for his sacrifice"

The everything - devouring, cold darkness  
Is surrounding like an icy - ocean my heart

[Chorus:]  
I'm dancing with the devil  
By moonlight  
In the mask of madness

Two minutes before midnight  
In the world of shades
