How can I possibly tell you that, I don't mind  
How can I possibly tell you that, I don't mind

You said you, you'd never be there  
You said that you would and then you'll never be there  
You said you'd be there, you'd never be there baby,  
you said you would be there, you said you would be  
there you said

How can I possibly alter my, frame of mind  
How can I possibly alter my, frame of mind

You said you, you'd never be there  
You said that you would and then you'll never be there  
You said you'd be there, you'd never be there baby,  
you said you would be there, you said you would be  
there you said

Dark, dark, dark, dark time  
Dark, dark, dark, dark time

How can I possibly get so damn frustrated  
How can I possibly get so damn frustrated

You said you, you'd never be there  
You said that you would and then you'll never be there  
You said you'd be there, you'd never be there baby,  
you said you would be there, you said you would be  
there you said

Dark, dark, dark, dark time  
Dark, dark, dark, dark time

I'm not scared of  
(I'm not scared of)  
Borrowing time cause  
(Borrowing time cause)  
It worries me too much  
(It worries me too much)  
Doesn't worry you dear  
(Doesn't worry you dear)

I'm not scared of  
(I'm not scared of)  
Borrowing time cause  
(Borrowing time cause)  
It worries me too much  
(It worries me too much)  
Doesn't worry you dear  
(Doesn't worry you dear)

I'm not scared of  
(I'm not scared of)  
Borrowing time cause  
(Borrowing time cause)  
It worries me too much  
(It worries me too much)  
Doesn't worry you dear  
(Doesn't worry you dear)
