spoken

hey ma i know you dont understand me and the things  
that i do  
but i think its victory for us if we can just hold on  
lets keep this thing strong  
i love you and i know you love me too  
and i want to spend the rest of my life with you  
thats my word!

verse 1

from the projects in bk all the way down to the villa  
copped in va  
lets not forget bout the 30 foot doc in the bay  
with keys of your own for when you want to take it out to  
play  
now you want to flip the script  
your friends got you talkin real slick  
i guess the forgot the night i saw you in the bus stop  
suckin on a lollipop  
took your bus pass and put your pretty ass in the drop

chorus

baby youre all i want  
baby youre all i need  
hold on tight till we get it right  
cant let go we got to keep it tight  
baby youre all i want  
baby youre all i need  
you to close to do just to let it go  
you need to stop flippin girl i love you so

verse 2

now i messed up  
give me one more chance i know you had enough  
it was never in the plans to hurt ya i never meant to do  
you wrong  
but then this shorty came along and yo her vibe was  
strong  
so i hit it(HIT IT!)  
it was one to many times i admit it(ADMIT IT!)  
if you can find it in your heart to forgive  
ooh baby just forgive me love your the only one i want

the one im thinkin of

chorus

time and time again i know i played myself  
but i had my thoughts of losin you na baby  
you best believe im in love with you  
your all i need no one else will do  
girl its true im so in love with you girl

chorus

outro  
ma i hope you feel me  
i know you love me and i love you too  
its like the street game  
i cant get out of you and you cant get out of me too  
so lets just do the damn thang  
you feel me  
im out!
