When will this ever end
I thought that you forgave me then
So why do we argue so, I want to know
Yes sir, we both made some mistakes
That caused our hearts to break
But we must learn to forgive and love again

There are some things I wish that I could change, oh
yes I do
But if we're going to move forward let bygones be
bygones, so long
I don't want to talk about it, let bygones be bygones, so
long
I don't want to talk about it, let bygones be bygones

Bygones, oh yeah

Now I will be the first to say
Sorry for treating you that way
But that was so long ago you gotta let it go
There are some things I wish that I could change, oh
yes I do
But if we're going to move forward let bygones be
bygones, so long,
I don't want to talk about it let bygones be bygones, so
long
I don't want to talk about it let bygones be bygones

We should be living for today
Can't let our past get in our way
Let bygones be bygones, so long
I don't want to talk about it let bygones be bygones,
bygones, so long
I don't want to talk about it let bygones be bygones
I don't want to talk about it let bygones be bygones

Can't you hear me say, bye, bye, bye
I don't want to talk about it let bygones be bygones, so
long
