What were gonna do right here is go back!
Way back
Back into time
Doll Baby Doll Baby Doll Baby Noooooooooo no no
If you take your love away from me I'll go crazy I'll go
insane
(Nah baby Nah baby Nah baby, nooooooooooooo no)
Nah baby Nah baby Nah baby nooooooooooooo no no
Nah baby Nah baby Nah baby nooooooooooooo no no

Youve got your problems baby and ive got mine
Lets just end it all by puttin it together(yea)
When u say u love me it don't mean a thing
If you cared you'd be there like you used to be(yea)
Im searchin for the words to make you realize that i
really really want you to
Stay
Tears of frustration i hold inside but if you walk away
you'll make this grown
Man cry!

Don't leave
(nah baby nah baby nah baby)
Don't leave me girl
(nooooooooooooo no no)
Please stay with me tonight
(nah baby nah baby nah baby)
Don't leave me girl
(nooooooooooooo no no)(yeaooooooooo yea)
Please stay with me to

Forget my pride girl
Im beggin you
Your my heart
Your my soul
Youve got so much control
My love runs deeper than the ocean and sea but if you
sail away you'll take the
Center piece of me
