Yo, I know it's you  
I had to run out for a minute to take care a few things  
I ain't gon' be long  
But if you get to the crib there before I get back  
You know what to do, the crib is yours  
So, um, just cool out, I'll be there in a few  
Got a surprise for you, too, it's real sweet  
See you soon, I miss you, I love you  
I'm out...

[Terrell]

Well, here I go in my land, 'bout to face rockin' on my  
styles  
Got the phone in my hand, my baby hit me two times  
Gotta hit her back, she said she's flyin' in tonight  
See, my baby's been gone for so long  
She's back in town, it's time we get it on  
She told me she would meet me at my spot about eight  
That gives me two whole hours to get my shit straight,  
yeah

I hit my case about six, it's almost time to see her  
Almost time to get my fix  
I just can't wait to see her pretty face  
She's not like all these others on the paper chase  
She's the kind of girl that you wanna stay true to  
There's nothing that this girl wouldn't do for you, no  
I think I hear her in my driveway, opened up the door  
And this is what she had to say

[S. Gary]

I found someone to  
Do what you use to (No baby)  
Boy, you thought you were deceiving me (No way)  
With your infidelity  
(No, no, no, no, no, baby)  
I found someone (What?)  
Who really deserves me  
(I can't believe you'd do this to me baby)  
And he's all I need

I'm makin' my move (No)

I found someone new (No)  
Ain't got no more love for you, ooo (No way)

[Terrell]  
How could you go and do this to me, baby?  
Since you hit town you had me runnin' 'round actin'  
crazy  
And had I known you'd treat me this way  
We'd have to swing this drama-sode another day, baby  
This was your night, ringers off, beepers off  
My shit was tight, you blew it baby, word is bond  
And after all I've done for you  
You messed around and blew the best thing  
That ever happened to you, baby

[S. Gary]  
Now don't go and put this all on me  
Since I left town, you've been tryin' to run down  
On every girl you see  
I can't believe you'd do this to me, ooo, baby  
I know about your friend with the red Benz (Say what?)  
Now why you wanna go and a play a game you can't  
win?  
You didn't know she was my best friend (Damn)  
And now we all up in your pockets  
For your Benjamins, Benjamins, what

[S. Gary]  
I found someone to (No, no)  
Do what you use to (Can't do this to me baby)  
Boy, you thought you were deceiving me (No, no)  
With your infidelity (Oh baby)  
I found someone  
Who really deserves me  
(I can't believe you'd do this to me baby)  
And he's all I need

I'm makin' my move  
I found someone new  
Ain't got no more love for you, ooo  
(I just don't know what to do baby)

I found someone to  
Do what you use to (Oh)  
Boy, you thought you were deceiving me  
(I can't believe you played me baby)  
With your infidelity  
(Whoa baby)  
I found someone  
Who really deserves me  
(I can't believe you'd do it baby, oh)

And he's all I need

I'm makin' my move (No)  
I found someone new (No)  
Ain't got no more love for you, ooo  
(Please baby, please)

[Terrell]  
I'm so sorry  
I need you, babe  
I love you, babe  
Don't go nowhere, oh

[S. Gary]  
I'm makin' my move  
I found someone new  
I got no more love for you, ooo

[Terrell]  
Please stay  
Right here with me

[S. Gary]  
I'm makin' my move (I love you)  
I found someone new (I need you)  
Ain't got no more love for you, ooo

[Terrell]  
Please stay with me, forever

[S. Gary]  
I'm makin' my move  
I found someone new  
Ain't got no more love for you, ooo

[Terrell]  
Oh baby, baby  
Don't leave me here

[S. Gary]  
I'm makin' my move (Please)  
I found someone new (I need you)  
Ain't got no more love for you, ooo

[Terrell]  
Forever  
Don't leave me, baby

[S. Gary]  
I'm makin' my move (Girl, I love you)  
I found someone new (I need you)

Ain't got no more love for you, ooo

[Terrell]

Forever

And ever baby

Don't leave me

Don't leave me, baby

I love you
