When we rock the party  
(When we rock the party, waa)  
Ladies and gentlemen  
(Ah)  
We got Blackstreet in the house tonight  
And they got a little thing to say to you  
C'mon  
(C'mon)

Ooo, this is how we roll  
In case you didn't know  
(Ah, ah)  
Blackstreet is in control  
When we rock the party

Woo, this is how we roll  
In case you didn't know  
(Ah, ah)  
Blackstreet is in control  
(Blackstreet is in control)  
When we rock the party  
(Rock the party)

Friday and the mood is right, for hanging all night  
I wanna boo the party till the mornin' light  
Jiggy down from head to toe, gotta represent you know  
Step outside, in my ride, here we go  
(Here we go)

Woo, this is how we roll  
(Ah yeah)  
In case you didn't know  
Blackstreet is in control  
(Blackstreet is in control)  
When we rock the party

Woo, this is how we roll  
In case you didn't know  
(Didn't know)  
Blackstreet is in control  
(Blackstreet is in control)  
When we rock the party

(Woo)

Ladies everywhere you look the party's off the hook

(Aah)

And everybody's doing their own thing and the party's  
going on

(There it goes)

Champagne and drinks are on the house, the amp we  
turn it up

No need to rush 'cause you know us, we're doing it all  
night long

(Hae eee)

Ooo, this is how we roll

(Woo, this is how we roll)

In case you didn't know

Blackstreet is in control

(Blackstreet is in control)

When we rock the party
