The Quiet Song has just begun,  
And you will be the only one.  
Bargain with the devil.

Stay right here and hey,  
Hey, hey you hear that shout.  
Hey, hey, hey just run about.  
Start a fight, just walk along and you'll be just fine.

Sing it Na, na, na.  
Yeah Na, na, na.  
Come again and Na, na, na.

Your prayer won't help at all tonight,  
Just walk along, it's a wait of time.  
As your walking slowly down the street  
You hear yourself on the other side you say,  
Yeah you say...

Stay right here and hey,  
Hey, hey you hear that shout.  
Hey, hey, hey just run about.  
Start a fight, just walk along and you'll be just fine.

Sing it Na, na, na.  
Yeah Na, na, na.  
Who are you now to judge?

Stay right here and hey,  
Hey, hey you hear that shout.  
Hey, hey, hey just run about.  
Start a fight, just walk along and you'll be just fine.

Sing it Na, na, na.  
Yeah Na, na, na.  
Come again and Na, na, na.

The Quiet Song is now all done,  
And you have been the only one.  
Bargain with the devil.
