What should I say  
To show you I felt the same  
What can I do to make you see the proof?

Now all my angst  
Is gone and I give my thanks  
To whatever you see that brought you back to me

And everyday looks bright  
'Cuz now a familiar sight is standing right next to me  
And I'm no longer sad  
You know that you drove me mad, you are the one that  
I adore

I never wanted you to leave  
Things I said I didn't mean  
I never told you so  
I never thought you'd go

My life is meaningful again  
You're in my arms, you're my best friend  
I never told you though  
I never thought you'd go

What do I know  
Not much so I guess I'll go  
And pretend that everything is all okay

What did I do  
When I left my heart with you  
And I never even asked to have it back

And everyday looks bright  
'Cuz now a familiar sight is standing right next to me  
And I'm no longer sad  
You know that you drove me mad, you are the one that  
I adore

I never wanted you to leave  
Things I said I didn't mean  
I never told you so  
I never thought you'd go

My life is meaningful again  
You're in my arms, you're my best friend  
I never told you though  
I never thought you'd go

And I never want to do  
What you wanna do  
And I never wanna go  
Where you wanna go  
And I never wanna see you

I never wanted you to leave  
Things I said I didn't mean  
I never told you so  
I never thought you'd go

My life is meaningful again  
You're in my arms, you're my best friend  
I never told you though  
I never thought you'd go
