"I smash my hands against the wall
You're suprised it doesn't fall
I can't believe i trusted you true colors shining through
But the time i guess they're changing
And i'll know you weren't my friend
No laughter the day after
Suspended animation
And i'm better; regretter
Suspended animation
Don't bend the trugh a thousand ways
I was the one who was betrayed
You tell yourself we should be fine
You want a piece of what is mine
But the time i guess they're changing
And i'll know you weren't my friend
No laughter the day after
Suspended animation
And i'm better; regretter
Suspended animation
No laughter the day after
Suspended animation
And i'm better; regretter
Suspended animation"
