Revolution and Rise  
Written by Beppe Savoni and Eddie Cumana

Falling from the sky into the flames  
You denied your love I went insane  
No more dreams for my nights  
No more sunshine for my eyes

Victim of my own wish to be free  
I am an angel flying under your feet  
Heaven is not in the sky it is right inside your heart

I will never stop [To love you]  
I will always be [Beside you]  
I will never try [To hurt you]  
I will always shine [Above you]  
I will break the chains [Believe me]  
We are all the same [In my heart]  
Passion will be back  
Join my revolution and rise!

Revolution is for redemption hooo  
Life is coming back to me  
Revolution is for redemption hooo  
That's the way to be free  
Revolution is for redemption hooo  
Life is coming back to me  
Revolution is for redemption hooo  
That's the way to be free [x16]  
Be free! [x3]

Caught up in a mirror of memories  
I am a slave of your morality  
Now I know it will change  
Revolution is the way  
Open up your heart and come to life  
Turn the death of love into a flight  
Heaven is not in the sky it is right inside your heart

I will never stop [To love you]  
I will always be [Beside you]

I will never try [To hurt you]  
I will always shine [Above you]  
I will break the chains [Believe me]  
We are all the same [In my heart]  
Passion will be back  
Join my revolution and rise!

Revolution is for redemption hooo  
Life is coming back to me  
Revolution is for redemption hooo  
That's the way to be free  
Revolution is for redemption hooo  
Life is coming back to me  
Revolution is for redemption hooo  
That's the way to be free [x16]  
Be free! [x3]

That's the way to be free  
Revolution-ha-ha-ha  
To be free!  
Revolution-ha-ha-ha  
To be free!  
Revolution-ha-ha-ha  
Be free  
Be free  
Be free!

Revolution-ha-ha-ha [loop]  
BE FREE! [loop]
