it's 1 o'clock and i'm still in bed
but i don't want to leave here just yet
what's for me out there TV
too much time to sit and think
months go by faster than days
bills are due and i still can't pay
there has got to be something more
than these lyrics of angst and kiddie porn

feels so good now
i don't want out

i have never known
anything before
brings me to my knees
keeps me on the floor
i still know you girl
what you're thinking of
sorry i can't stay
a thousand miles away

i'm so sick of writing songs
about the girls that broke my heart
but i know i'm not done
don't look now here comes another one
i'd get a job but i'd just quit
stay in bed a hit snooze again
it's safe inside you can't get hit
but, take one and some way you're an addict

feels so good now
i don't want out

i have never known
anything before
brings me to my knees
keeps me on the floor
i still know you girl
what you're thinking of
sorry i can't stay
a thousand miles away

aaaahhh

i have never known
anything before
brings me to my knees
keeps me on the floor
i still know you girl
what you're thinking of
sorry i can't stay
a thousand miles away
