[2]

Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quero baciarte
Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quiero baciarte
Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quiero baciarte

[2] My Body your body,
Baby come and touch my body
Your body my body
Can't you see I want your body?
My Body your body baby come and touch my body, my
body my body

[2] Next to you, is where I want to be
Right next to you
Just Feelin' your body, tu cuerpo!
Oh, Only you, can give me what I need
Only you
Can play with my body mi cuerpo

[2] My Body your body,
Baby come and touch my body
Your body my body
Can't you see I want your body?
My Body your body baby come and touch my body, my
body my body

Late at night, when you touch my body
Leaving all the emptiness inside
Can't do without it
You're the one for me
It's a hot thing a body
And I am so glad you're mine

Next to you, is where I want to be
Right next to you
Just Feelin' your body tu cuerpo!
Oh, Only you, can give me what I need
Only you
Can play with my body mi cuerpo

Next to you, is where I want to be
Right next to you
Just Feelin' your body tu cuerpo!
Oh, Only you, can give me what I need
Only you, can feel my body

My Body your body, baby come and touch my body
Your body my body
Can't you see I want your body?
My Body your body baby come and touch my body, my
body my body

Its where I wanna be Oh Yes!

Won't you touch my body?

My Body your body, baby come and touch my body
Your body my body
Can't you see I want your body?
My Body your body baby come and touch my body, my
body my body

Right next to you is where I wanna be, feels so right,
Allright, so right , allright
So right hooo it feels so right..oh

Baby come and touch my body
Can't you see I want your body?
Baby come and touch my body
Can't you see I want your body?

Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quiero baciarte
Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quiero baciarte
Quiero baciarte querido mio, quiero tenerte
Quiero amarte, carino mio, quiero baciarte
