I've got a heart full of love  
But nobody to call my own  
(To call me own)  
If I could call you my woman  
I promise you I'll never leave you alone  
Hear me, baby

You speak the words so sweet  
It means so much to me  
That you know how to treat a woman  
But the man for me must love me totally  
And understand I'm a woman  
Can you give me that kind of love?

I heard you callin'  
Well baby, baby, here I am  
Tellin' you my heart is in your hands  
In love I'm fallin'  
So baby, baby, here I am

And I'll make that lasting impression on love,  
girl  
(Girl)  
That you won't forget  
(That you won't forget)  
Girl, I'm no stranger to pain  
I've had my ups and downs  
But I don't regret what I've learned

Baby, just like you, I've been through it too  
But it's worth it when I see you  
Right in front of me  
(Right in front of me)

With you I want to be  
(With you want to be)  
Now you've got somebody to love  
So baby, here I am

Here I am  
Here I am  
Here I am

Come get it, baby, here I am  
Here I am  
Let me be your lover, be your man  
I'm ready, baby, here I am  
Here I am

I heard you callin'  
Well baby, baby I, here I am  
I just have to make you understand  
In love I'm fallin'  
So baby, baby, here I am

As long as I live, I will be right there  
With a love that's strong  
(With a love that's strong)  
And I don't care about the past, 'bout  
the past  
It's gonna be up to me  
To change right from wrong for the both of us

Baby, just like you I want the same thing too  
And I'll give my all and all  
To make sure, my love  
(Make sure, my love)

That you don't get enough  
(You don't get enough)  
I'll be coming at you forever, baby, here I am

You know I need it  
Well, baby, baby, here I am  
Let me be your lover, be your man  
I really mean it  
So baby, baby, here I am

Here I am  
Come get it, baby, here I am  
Keep you by my side, I know I can  
I'm ready, baby, here I am  
Here I am
