At days end all I have are my empty hands
My last stand. Against all. Against all.
I, I found it out, for all my life, now searching
I, for all my life, for all I've said and done, now
searching out
All for nothing-down down down...
All for nothing-down down down...
I didn't want to I didn't want to
If what I want is different from what you want from me
I didn't want to
I'm sorry I couldn't be what you want me to be
I didn't want to
At days end all I have are my empty hands
My last stand. Against all. Against all
And in the end I played the game
And I'm now searching
Just--Getting nowhere--I am
Closer to--Where I began
Walking--Afraid to take steps
Stuck behind--The rest of the lost
Just--Getting nowhere--I am
Closer to--Where I began
Walking--Afraid to take steps
Stuck behind--The rest of the lost
I, I found it out, for all my life, now searching
I, this worthless time, for all I've said and done
For all that I've, done.
