Somewhere in the sky
When my thoughts are close to die
I will let all tears
Flow down with my fears

As a last insult
I will face the world
Then I will say to all
That I saw you fall

In this fuzzy life
I see you clearly
You are just a thought
But I can touch you

Now I found you
You are lying on the floor
You wanted to touch the sky
Your wings are broken now

This is the mankind story but this is man story
Flying higher and higher
And you burn your soul

Run away you have the time
Beware of life demons
Run away you have the time
Beware of life demons
Sunlight in my eyes
But no tears falling
I'm running to you
But I can't catch you

Now I'm lying
Surround by the light of dreams
I wanted to touch the sky
But I have no wings

This is the mankind story this is man story
Flying higher and higher
And you burn your soul

Run away you have the time
Beware of life demons
Run away you have the time
Beware of life demons
Somewhere in the sky
When my thoughts are close to die
I will let all tears
Flow down with my fears

As a last insult
I will face the world
Then I will say to all
That I saw you fall
