Trying to catch the moment
A black horizon calls you
I'm staying here to see
These clouds of hate that surround me

Just one more try
Life is now so strange
Roaming through the city
The roads are eating my faith

Birds of freedom save me
I just want to find love
Birds of freedom save me

Now I can wash away all these tears in my eyes

Fighting and gone it's all I have done
I see the fear in your eyes
Fighting and gone they said I was wrong
Hiding their face in disguise

Don't tell me these lies
About a god I try to hear
This pain is always inside
Forever I need a little help
Remembering all I have done
At last I found my way

I follow my own rules
All I want is the right to decide

Birds of freedom save me
I just want to find love
Birds of freedom save me

Now I can wash away all these tears in my eyes

Fighting and gone it's all I have done
I see the fear in your eyes
Fighting and gone they said I was wrong
Hiding their face in disguise

Look at the light in my eyes
Birds of freedom save me
Look at the light in my eyes
Birds of freedom save me

Now I can wash away all these tears in my eyes

Fighting and gone it's all I have done
I see the fear in your eyes
Fighting and gone they said I was wrong
Hiding their face in disguise
